

## Grade 6 Worksheet: Traditional Plants and Respect for Nature

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Match the Plant

Draw a line to connect each traditional plant with its description.

Traditional Plant	Description
A. Sage	1. Burned in ceremonies and often braided. It has a sweet smell.
B. Sweetgrass	2. Used in teas or smudging. Known for its purifying qualities.
C. Cedar	3. Offered during prayers and ceremonies to show respect.
D. Tobacco	4. Used for cleansing and prayer. It has a strong smell.

### Multiple Choice

Choose the best answer for each question.

1. Why do First Nations and Métis people offer tobacco to plants or the land?
  - a) To help the plant grow faster
  - b) To get better weather
  - c) To show respect and give thanks
  - d) To make the plants smell nice
2. Offering tobacco is a sign of:
  - a) Wanting to plant more tobacco
  - b) Balance, harmony, and giving back
  - c) Celebrating birthdays
  - d) Cleaning your hands

### Short Answer
